*"I had considered property investment in the past, but didn't have the knowledge to confidently proceed on my own. It made a lot of sense when we were told we could attend a lunch-time event to learn more about it right here at the office. Being able to get some help meant that I could stay focused on my work and not have to spend my free-time trying to become a property expert. I was extremely appreciative that Channel 9 created an opportunity for me to make my money work smarter for me through investing."*
